Chairman of the  
Executive

Dear Pastor,

Thank you for your kind message which I was pleased to receive.

Three years ago, I was honored to assume Chairmanship of The Jewish Agency for Israel, the historic organization which laid the foundation to the State of Israel.

Today, I feel exceedingly privileged and profoundly humbled for having been elected 11<sup>th</sup> President of the State of Israel- land of my forefathers, land of my sons. The gratitude which fills my heart is second only to the passion with which I approach this esteemed role. Serving the People of Israel and the Jewish People across the globe as president is an extraordinary opportunity, and a challenge I embrace with every fiber of my being.

The New Beginnings Church under your leadership has been an important partner of ours; I welcome your support and I am eager to get to work.

Sincerely yours,

Isaac Herzog  
Chairman of the Executive  
President-Elect of the State of Israel
