

A warm, golden sunset scene over a field of tall grass. The sun is low on the horizon, creating a strong lens flare and illuminating the sky with soft, orange and yellow clouds. The foreground is filled with the texture of tall grass, and the background shows rolling hills under the twilight sky.

WHAT IS

YOM KIPPUR

YOM KIPPUR

The Day of Atonement

Yom Kippur is the holiest day on the biblical Hebrew calendar—a day of repentance, fasting, prayer, and seeking God.

In Leviticus 16, the high priest entered the Holy of Holies to make atonement for Israel.

It reminded God's people that sin separates us from Him—and that God provides a way back.

YOM KIPPUR POINTS TO *JESUS*

The sacrifices of the Old Covenant were a picture of what was to come.

Jesus, our Messiah and High Priest, entered the heavenly Holy of Holies once and for all—not with the blood of animals, but with His own blood.

“For by one offering He has perfected forever...”
- Hebrews 10:14
